Experience Summary

Ms. Boguszewski is a creative and dynamic professional, practiced at conducting and applying both quantitative and qualitative research to tailor high level standardized programmatic responses to meet specific localized needs. She confidently leverages appropriate technologies to support innovation and efficiency, and engages regularly with capacity and resilience-building networks.

She takes a high-level, bird's eye view to provide robust, reliable data analysis and technical guidance to identify and meet strategic aims. She is a member of the Florida Public Health Association, recognized as a subject matter expert in leveraging community capacity to recognize, respond, and adapt to evolving community health needs, particularly those associated with extreme events. Vicki has considerable experience training teams, auditing programs and leveraging outside resources.

Vicki was appointed to the Florida Department of Health's BRACE Technical Advisory Group and the Monroe County CCAC, where she was both Vice Chair (2015–2018) and Chair (2018–2021).

Representing Monroe County at several SE FL Regional Compact Summits, Vicki presented public health research in the poster sessions. She is also the President of the FL State Poets' Association's Key West Chapter and a published poet.

Relevant Experience

Program and Case Management Specialist (2021-2026), Tetra Tech Engineering and Consulting, Inc.

Researched, implemented, and administrated disaster recovery programs across six states to provide service access to more than ten thousand citizens and coordinated updates to multiple public entities. Managed vendor and participant expectations. Led housing and health adaptation research, planning, and project development, applied AI analysis and leveraged applicable technical resources. Directed post-disaster call center activities and quality assurance. Served as a communication lead and coordinating liaison for infrastructure environmental reviews and housing assistance. Coordinated compliant programs to apply specific, relevant programmatic standards.

Intake Specialist (2018–2020), Rebuild Florida Program, IEM Inc., Monroe County, FL

Managed applicant intake, assessed eligibility, advocated for housing modifications for those with special needs, and administrated the implementation of contracts for program services.

Adjunct Professor, Student Success (2018–2019), Florida Keys Community College

Designed tailored learning strategies, implemented state-compliant life skills curriculum, and transferred knowledge to diverse learners, including students with learning exceptionalities.

Disaster Recovery Case Manager (2018), Catholic Charities, Archdiocese of Miami

Managed data, determined eligibility, implemented multi-lingual services and privacy protocols.

Administrative Coordinator (2016–2017), City of Key West, Art in Public Places (AIPP)

Coordinated contracts, wrote guidelines, maintained database archives for \$1M+ AIPP Fund.

SNAP/EBT Program Administrator (2016), Bee Heaven Farm

Implemented SNAP reimbursements, improved nutrition access for vendors and consumers.

Farm to School Coordinator (2015–2016), Keys to be the Change

Launched USDA-funded curriculum, increased site implementations, enhanced food security.

Research & Planning Consultant (2015), Community Health of South Florida

Analyzed service gaps and created a strategic transportation plan for rural healthcare access.

Health Services Director (2013–2015), Rural Health Network Monroe County, Inc.

Managed healthcare services, supervised staff, secured a \$.5M grant, developed continuity plans.

Government Operations Consultant (2012–2013), FL Dept of Health, Monroe County

Conducted research & analysis, advised Executive Team, leveraged \$50k in public health grants

Classroom Substitute/Job Coach (1999–2005), Monroe County Public Schools

Supported ESE students, facilitated employment transitions and skill-building workshops.

Community Health Intern/Family Liaison (1994–1998), United Way, South Philadelphia

Assisted directors, designed curricula, engaged families in low-income neighborhoods.

Hospitality Professional (1989–2011), NJ, PA, FL

Contributed to family business and held roles from server to manager, earning recognition for sales and service before transitioning to Public Health post-MPH.
